

The World Market for Transformer Component Parts and Sub-Assemblies 2015 – 2020 – 2025

This brand new report from Goulden Reports takes an in-depth look at the various materials, component parts and sub-assemblies that feed in to the global transformer markets. The analysis is built on the long history that Goulden Reports has of analysing and reporting on the global transformer markets covering a 40 year period. Whether your interest is in Transformer Oil, GO Steel, Tap-changers, Bushings or raw materials this report provides data on the current and future market to 2025.

Published: End October 2015

List Price ~~£3,500.00~~

Pre-Publication price £2,500.00 for orders placed before 31st October 2015

The Report covers Transformers larger than 16kVA for the period 2010 to 2025, segmented into the following product groups, for each country:

The report includes:

- Detailed data on over 150 national markets for Transformers by value 2010 - 2025
- Global trade - Import and export of transformer parts
- Country infrastructure data and plans

The Market Size for each country for 2010-2015, 2020 and 2025 for the following:-

Components

Core steel
Transformer oil
Safety Fluid
Sheet Steel
Steel Profile
Radiators/cooling
Aluminium wire
Aluminium sheet
Copper profile
Copper wire
Glass fibre
Kraft paper
Presspan
Resin
Procelain/bushings
Paint
Wood
Miscellaneous parts

Sub-Assemblies

Core Assembly
Oil/Fluid
Tank/Chassis
Tap Changers
Primary Bushings
Secondary Bushings
Miscellaneous Assemblies & Instrumentation

Supplier Listings

For each component and Sub-assembly type
Top suppliers by region
Contact details listing for each company
Product profile for each type

For details of the geographical coverage of the report and ordering information please see over page:-

Geographical Coverage

The report provides data on an individual country level, split into the following major regions:

Western & Eastern Europe	Former Soviet Union
Africa (5 regional splits)	Middle East
